Florida Personalized Education Program

Step Up For Students · Florida Tax Credit Scholarship

An education savings account for eligible Florida learners who are not enrolled full time in public or private school.

Funding and timing

Varies by student and program year

2026–27 applications closed April 30. Existing recipients should consult current spending rules; watch for 2027–28 updates.

Check your eligibility

• Florida residency and PEP participation requirements apply.

• Students cannot be enrolled full time in a public or private school while participating.

Check the purchase

Educational applications are a listed category. Individual-student pricing is required; a multi-user subscription is prorated to the student's share. Verify the purchase with your scholarship organization first.

Confirm the specific Glow product, learner count, license period and purchasing method with the funder before buying. Category eligibility is not product approval.

Sources reviewed Oct 29, 2026. Confirm current rules before applying.

Funding application worksheet

Use this worksheet to prepare an accurate request. Complete private financial or student information only through the funder's secure application process.

1. Describe the learning

Grade range, number of learners, reading or math focus, and the skills you will teach:

2. Plan the practice

Teaching routine, session length, project dates and how you will support learners:

3. Review progress

Starting check, independent practice and a later check of taught skills:

4. Confirm the budget

Product, approved quote, learner allocation, license dates, fees and renewal coverage:

Where and how to submit

Who receives the request

Step Up For Students · PEP scholarship and purchasing teams

First apply for the student's scholarship account. After an award, use the administrator's purchase process for eligible learning resources. The Glow packet supports the purchase request; it does not replace the scholarship application.

Submission steps

1. Use the official account portal to complete eligibility, identity and enrollment questions. Upload private student documents only there.

2. Select PEP in the available scholarship cycle and complete the required Student Learning Plan. New applications for 2026–27 are currently closed; existing recipients can manage their awards.

3. Once awarded, ask the administrator to confirm the exact Glow product, license term and individual-student allocation before purchasing.

4. Use the approved payment or reimbursement process. Keep the approval, itemized invoice and required learning records.

Documents and official sources

Documents to prepare

- Required eligibility and residency evidence, supplied only to the administrator
- Learning plan or purchase justification
- Itemized quote with student allocation and license dates
- Approval and receipts required by the purchasing guide

Official program sources

PEP eligibility and application cycle

PEP serves eligible Florida students who are not enrolled full time in a public or private school. Applications for 2026–27 closed April 30, 2026. New families can sign up for 2027–28 updates; existing recipients should use their account and current purchasing guidance. Participation includes a Student Learning Plan.

www.stepupforstudents.org

Educational apps and individual-student purchasing rules

Educational software and subscriptions must support the scholarship student's instruction. Multi-user subscription reimbursement is limited to that student's share. Before buying Glow, confirm the specific product and payment route with Step Up For Students, and obtain an itemized quote showing the student allocation and subscription dates.

www.stepupforstudents.org

Request an itemized Glow quote

Ask for the product, learner count, license start/end dates, any fees and renewal terms. Scholarship purchases may need individual-student pricing or an allocation of a shared subscription. A grant does not automatically fund renewals.

Before you submit

• Check the current deadline and all eligibility rules on the official site.

• Use accurate project details and obtain any school or organization approvals.

• Confirm software allowability and required purchasing channels before payment.

• Review the full application. The funder makes the award decision.
