Where and how to submit

Who receives the request

Children's Scholarship Fund New Hampshire · EFA team

First apply for the student's scholarship account. After an award, use the administrator's purchase process for eligible learning resources. The Glow packet supports the purchase request; it does not replace the scholarship application.

Submission steps

1. Use the official account portal to complete eligibility, identity and enrollment questions. Upload private student documents only there.

2. Submit one application per family through ScholaVia, with the required agreement and documents. The 2026–27 page allows applications through February for prorated awards, subject to verification and capacity rules.

3. Once awarded, ask the administrator to confirm the exact Glow product, license term and individual-student allocation before purchasing.

4. Use the approved payment or reimbursement process. Keep the approval, itemized invoice and required learning records.

Educational software is a listed expense category. An award requires verified residency, age and application documents; priority groups have separate capacity rules. Use ScholaVia for the application and follow CSF's purchasing process for the individual student. Obtain confirmation of the exact Glow expense before ordering.

Request an itemized Glow quote

Ask for the product, learner count, license start/end dates, any fees and renewal terms. Scholarship purchases may need individual-student pricing or an allocation of a shared subscription. A grant does not automatically fund renewals.
